The journal of spider-Man

The Journal of Spider-Man

There once lived a teenager named Peter Parker. He was normal, and I think a handsome man. This is Peter Parker's journal aKa Spider-Man. Yes, I do think that I am handsome since that's what most people say about me. I am very old now and publishing a journal about myself. This journal will include important parts about my life as a superhero in New York City in journal form.

Saturday September 23, 1954 Tonight the most incredible thing happened. I got bit by by a radioactive spider, and now I can climb walls.

Two hours later Whoa A lady talked to me. She called hersel MadamWeb. My uncle got killed too. I thought it was just a stupid robbery. My uncle was the only father figure I had. Now I only live with my Aunt May. My aunt and uncle have watched me ever since my parents got killed when I was 1 mont old. I promise I will fight crime until I can't anymore.

November 1, 1954 I have to tell you something today I met the most beatiful woman. Her name is Mary Jane. We have a date tommorow. Also, I found out some more about my powers.

September 27, 1964 I got married to M.J. on September 23, 1964. She is moving in. Two years ago I met Spider-Woman. She helped me fight The Green Goblin. She left after The Green Goblin broke her arm.

September 22, 1984 My daughter Found out she has my spider powers. My daughter was born on September 1, 1965. We named her May after my Aunt May who has passed away. Since then I fought The Green Goblin, He

and I fought for two days straight. I hit him a number of times before he threw me into a pipe and broke my leg. The Fantastic Four (Now they are The Fantastic Five or F5.) or F4 found me and helped my leg a bit without taking off my mask luckily. (Whew!) Then I left. I now walk with a cane. May/Spider-Girl has fought a number of bad guys. With some help from Spider-Man. I can still fight a little crime but, I am not going to fight crime unless I am helping my daughter. Spider-Girl left two days ago. The last thing she said is "I will defeat Green Goblin For you mom & dad and you will be proud."

September 23, 1984 May/Spider-Girl defeated The Green Goblin! She is even in the newspaper. Of course they don't know that Spider-Girl is May.

September 23, 1999 I hope you enjoyed my jornal. You now know more about my life as Spider-Man. Thank you for reading my journal.
